**Ideas by Blum:
Solutions for
your home**

A kitchen can be both beautiful and functional.

A kitchen can be a stunning centerpiece in a home while also being highly functional. By incorporating smart design choices, such as ergonomic layouts, accessible storage solutions and high-quality hardware, you can create a space that not only looks beautiful but enhances everyday tasks.

Ergonomics

Everything is easy to access and clearly organized.

Storage space

Make full use of the storage space available.

Quality of motion

Cabinets are easy to open and close.

Design

Turn your creative ideas into reality.

The two sides of a kitchen

A kitchen has to work for everyday use, and functionality doesn't have to compromise style. Blum has been investigating the needs and requirements of kitchen users for years. Because of this research, we are continually coming up with new ideas to make modern kitchens even more functional.

Five zones for optimal workflows

Meal preparation and clean-up are regular routines in any kitchen. Simplify workflows by segmenting the kitchen into five zones. This will minimize distances and ensure everything is in its proper place, saving time and energy.

Consumables

Food is kept in the “consumables” zone. When planning this zone it's important to ensure that everything is within easy reach.

Non-consumables

The “non-consumables” zone is designed for flatware, dinnerware and glasses. Planning the dishwasher close by will enhance workflow.

Cleaning

This zone houses the dishwasher, sink, waste and recycling areas. Cleaning utensils and supplies should be kept here so that everything is readily available.

Preparation

All the utensils needed for preparing food are kept in this zone between “cooking” and “cleaning.” Drawers ensure that items are within easy reach and can be quickly placed on worktops.

Cooking

There should be enough space for pots, pans and cooking items right next to the cooktop.

Classic steel design

The sleek, powder-coated steel frames fit seamlessly into drawers offering both functionality and a stylish, modern appearance.

Effective in function — versatile in application

AMBIA-LINE gives you the freedom to tailor the contents of your drawers to your individual needs and to every type of storage item. They fit easily into drawers and are suitable for all living areas.

Elegant design

The minimalist design of AMBIA-LINE goes perfectly with the clean lines of LEGRABOX and MERIVOBX.

Adjustability

The flexible cross dividers can be easily adjusted to fit the size of the items being stored.

Versatility

With the magnetic adapter plate, the frames can be positioned anywhere in the drawer.

AMBIA-LINE: Ideas for your kitchen

AMBIA-LINE for flatware

- Coated with soft touch, noise-dampening material, flatware is stored almost without making a sound.
- Flatware inserts and frames can be combined as needed.

MENTION 2015**

AMBIA-LINE for kitchen utensils

- Everything runs like clockwork because you have clear visibility of whisks, vegetable peelers and ladles.

AMBIA-LINE for odds and ends

- Odds and ends are kept perfectly organized.
- Seldom-used items are exactly where they should be and ready for use.

AMBIA-LINE for flatware

- The flatware insert beautifully organizes cutlery.
- The high-quality material can easily be cleaned with a damp cloth.

AMBIA-LINE knife holder

- The knife holder ensures secure storage of up to nine knives.
- High-quality nylon and anti-fingerprint stainless steel keep the sharp edges protected without dulling the blades.

AMBIA-LINE for food items

- The SPACE TOWER pantry unit keeps jars and cans of all sizes nice and tidy.
- The non-slip AMBIA-LINE frames also securely hold open bags of flour, sugar or rice.

AMBIA-LINE for plastic containers

- Instead of chaos, order and organization reign in the drawer.
- No more time wasted trying to match the right lid with the right container!

AMBIA-LINE for cleaning supplies

- The sink drawer makes full use of the storage space under the sink, which is often wasted. Supplies can be clearly organized.
- Detergents, sponges and brushes are kept exactly where they are needed.

AMBIA-LINE for waste separation

- Cleaning products are kept secure and separate from waste separation containers.
- The cross divider can be adjusted to suit different bottle sizes.

AMBIA-LINE for pots and lids

- The best place to store cookware is in the drawer close to the cooktop.
- The cross gallery keeps lids upright and within easy reach.

AMBIA-LINE for cooking utensils

- Wooden spoons, spatulas and whisks are always at your fingertips.
- The cross dividers can be adjusted to the length of the utensils.

AMBIA-LINE spice holder

- The spice holder securely holds containers of all shapes and sizes.
- They are held at an angle so you can easily read the labels.

ORGA-LINE

Overview of ORGA-LINE sets

ORGA-LINE is a versatile organization system, crafted with high-quality stainless steel trays and utensil dividers that fit snugly in drawers. Available for 21" TANDEM and MOVENTO drawers and in drawer lengths of 500 and 550 mm for TANDEMBOX, ORGA-LINE provides a tailored solution that combines functionality with a refined aesthetic. Combine systems for any drawer width for a tailored solution that maximizes drawer space, keeping everything neatly in place.

Removable trays

High-quality stainless steel trays keep flatware and other items nice and tidy. The trays can be removed individually and are dishwasher safe.

Adjustable utensil dividers

ORGA-LINE allows you to beautifully organize storage items of every shape and size. The utensil dividers can be positioned flexibly to suit your needs.

Individual sets

Combine different sets and tailor drawers to meet your specific needs.

Combo sets

These sets are a combination of utensil dividers and trays and are not only useful for kitchens, but for cabinets throughout the home.

Flexibility

ORGA-LINE containers, lateral and cross dividers can be flexibly arranged to suit storage items. Whatever the contents, ORGA-LINE cleans up drawers and allows you to make full use of the storage space available. The system can be adapted at any time to accommodate more items, such as pots or dinnerware.

Visibility

ORGA-LINE gives you clear visibility of contents and ensures that large items are held securely, delivering organization and easy access to every single item. And should guests want to help with the cooking, the right spice is easily accessible.

Cleanliness

Children's sticky fingers leave marks, but it's no problem with ORGA-LINE. The high-quality stainless steel trays can be easily cleaned without damaging the material. They're even designed for dishwasher use. That is Blum quality — for the lifetime of the cabinet.

Expandability

ORGA-LINE kitchen accessories make kitchen chores easier and organize interiors. The knife, spice and plate holders ensure that everything is exactly where it should be — whether it's in the kitchen or an outdoor gathering. And they can be quickly cleared away when you're done.

ORGA-LINE for MOVENTO and TANDEM

This adjustable organization solution for wood drawers is ideal for storing items in the kitchen and throughout the home.

The spring loaded tray and side rails ensure that each kit will fit into an inside drawer length from 19-1/4" to 20".

The removable trays are made of high quality nylon and stainless steel, and are dishwasher safe up to 170° F.

Real people, real solutions

Everything we do at Blum revolves around the desire to create a better experience for kitchen users. For more than 20 years, we have been researching the habits and lifestyles of homeowners around the globe. We pay attention to how users move in their kitchens and where they store their items. We pour that research into our products, considering function, quality and sustainability.

Kitchen observations

We observe kitchens through the use of video cameras and questionnaires. A close look at everyday use reveals important insights and inspiration for new products.

AgeExplorer® suit

Drawers that open easily and close silently make kitchens more user-friendly. At Blum, we achieve this with advanced technology.

Put your kitchen to work

Easy opening and silent, effortless closing in drawers increase usability in the kitchen. At Blum, this is achieved with state-of-the-art technology.

A warm, sunlit kitchen with a man in a striped shirt cooking at a large island. A young girl with blonde hair sits on a black stool, looking at him. The island has a wooden countertop and a pull-out drawer filled with jars. In the background, a dining table with a blue chair and framed art is visible. Large windows and a glass door lead to a balcony with plants. The floor is made of light-colored wood in a herringbone pattern.

moving ideas

At Blum, we pay attention to those small, but valuable, details. We're attentive in everything we do. With our carefully engineered hardware, innovative motion technologies and customized services, we help move your ideas forward. Let's move the world together.
