

Custom made

BOSTON CLASSIC COLLECTION

Our technical staff is specialized in order to answer in a concrete manner to personalization requests by clients and it guarantees delivery targets in terms of conformity, punctuality and quality.

Customer service

We're able to satisfy any client's request, to work both in small and large quantity of products, to shape every wood of every origin and to always guarantee the added value of quality.

Production

Sebior is able to manufacture products in every style, from the traditional to the contemporary, from the country to the rustic style and much more. Furthermore, in order to help its customers, Sebior can also provide all accessories, such as frames, bases, pedestals, curved shutters, etc...

Sustainability

*"Believe me, you will find more lessons in the woods than in books.
Trees and stones will teach you what you cannot learn from masters."*

Bernard de Clairvaux
