

ELITE PLUS

G*GRASS®

ELITE PLUS SLIDE SYSTEM

Undermount drawer technology with advanced running performance and smooth soft-closing action

Bringing together fast installation, easy adjustment, and smooth running performance at a great value.

Designed for uncompromised performance

The exceptional design of Elite Plus drawer slide draws attention to the beauty of your cabinetry and leaves the mounted hardware completely out of sight. The Elite Plus brings together the advances of undermount technology with a precision roller carriage and features a liquid damper that is designed for a smoother closing transition.

Offered in a full range of lengths for frameless and face frame construction, the Elite Plus features full drawer extension for maximum use of interior space. It is a proven undermount slide with an ample load capacity of 100 lb that meets and exceeds ANSI/BHMA Grade 1 testing standards. The front locking devices offer 1D height adjustment or 2D height and side adjustment. Multiple cleats securely connect the drawer to the slide. Year after year, Elite Plus enables drawers to function quietly and flawlessly with the quality construction and Grass standard of excellence you have come to expect.

Features and Benefits

Elite Plus

Features

- Slide is concealed to give full view of finely crafted drawers
- Self-latching front locking devices have easy release levers for drawer removal
- Liquid damper softly glides drawers to a stop
- For drawer material thickness: 12.7mm (1/2") to 19mm (3/4")
- Precision smooth running synthetic roller carriages
- Zinc plated roll formed steel composition
- Full extension for complete drawer access
- Height adjustment +2.5mm (3/32") with suitable front locking device
- Side adjustment $\pm 1.5\text{mm}$ (1/16") with suitable front locking device
- Weight capacity: 100 lb dynamic, 100 lb static
- Wide drawer member provides stability between the cabinet and drawer member
- Meet and exceeds ANSI/BHMA A156.9 Standard, Grade 1

Multiple cleats

For secure front locking.

Depth Adjustment

4mm (5/32") allows perfect alignment for the drawer front.

1D Front locking device

with height adjustment
+2.5mm (3/32")

The front locking device securely connects the drawer to the slide.

2D Front locking device

with height adjustment
+2.5mm (3/32")
with side adjustment
 $\pm 1.5\text{mm}$ (1/16")

The front locking device securely connects the drawer to the slide.

Features

- Soft-closing mechanism fully enclosed
- Precision German made liquid damper
- Face frame and frameless applications
- Uses same front locking devices as Maxcess
- Rear notch in back of box is 35mm for Maxcess and Elite Plus
- Patented technology

Wide drawer member

Provides superior stability.

Unique and integrated liquid damper

8mm damper offers advanced soft-closing technology.

Repositioned Soft-close damper

Gives the Elite Plus an improved closing action.

Depth adjustment

4mm (5/32") allows perfect alignment for the drawer front.

Tilt adjustment

4mm (5/32") allows tilting the drawer for perfect front alignment.

Self-aligning rear mount bracket

Brackets self-align the drawer when cabinets are out of square, ± 2 mm (3/32") adjustment range.

For additional rear mount brackets see page 14.
